

Earth Rangers Centre

For Sustainable Technology

FACILITY RENTALS

9520 Pine Valley Drive • Woodbridge, Ontario, Canada • L4L 1A6

ABOUT THE EARTH RANGERS CENTRE FOR SUSTAINABLE TECHNOLOGY

Located ten minutes north of Toronto on the breathtaking grounds of the Kortright Centre for Conservation in Woodbridge, ON, the Earth Rangers Centre is an internationally recognized model for sustainable technologies and practices.

This unique location provides an ideal spot for corporate retreats, customer events and training programs. Rather than conducting business in a stuffy hotel or boardroom, envision your clients, associates and employees surrounded by lush wilderness, and business meetings hosted in a relaxed setting far removed from the everyday hustle. Have your guests walk away inspired and motivated! To learn more about Earth Rangers, visit www.earthrangers.org.

THEATRE

Our multimedia space can accommodate groups as large as 70 people in a number of different configurations.

This multipurpose room has a full A/V system, wireless internet and laptop hook-ups. The theatre is located directly off the front lobby, providing direct access to our café.

MAIN BOARDROOM

Located on the second level, this 520sq ft meeting space is filled with natural light and provides an ideal space for smaller, intimate corporate meetings.

The boardroom accommodates up to 16 people, and offers full internet access, conference call capabilities, a projector, whiteboard, and flip chart. Elevator access is available for those who may require it.

COSMO'S CAFE

INCLUDED IN YOUR RENTAL:

Take a break from your meeting and enjoy the comfort of home while eating your lunch at Cosmo's Café.

Our cafe can seat up to 70 people for lunch and has an outdoor patio with picnic tables and a great view of our grounds with access to our walking trails.

ONLY INCLUDED WITH THEATRE RENTAL

FACILITY TOUR

Your group will have the chance to tour the numerous energy efficiencies of our building with an expert green building professional.

Experience cutting edge sustainable building technologies such as energy metering, smart automation and controls, innovative water and wastewater management, solar generation, green roofs, and geothermal heating and cooling.

ANIMAL AMBASSADOR MEET & GREET

Experience this unique opportunity to meet some of our amazing animals up close. The session consists of a five minute presentation with an animal ambassador, followed by a ten minute question and answer period with the trainer.

Requests for specific animals are permitted but cannot be guaranteed. Prepare yourself to meet some unique and dynamic native and global species.

AVAILABLE AT ADDITIONAL COSTS

CATERING

Catering for your meeting is available upon request. At Earth Rangers, we only work with external caterers who are passionate about the meals they prepare, but who also make every effort to sustain agriculture and the environment by using locally grown ingredients and farms.

Green initiatives include presenting food on china platters, using biodegradable plates, providing cutlery and napkins, and serving glass pitchers with filtered tap water rather than generating waste with plastic water bottles.

AVAILABLE AT ADDITIONAL COSTS

"Everything was perfect!! Thank you very much to Earth Rangers for having us. It was an ideal location for a team retreat! We appreciate all your help and support organizing the event."

-Greg Coles, Nestle Canada

"Not only was the team helpful when I needed it, but the team actively went out of its way to see to it that all of our needs were met and that things went smoothly. The help that the Earth Rangers staff offered me took a lot of the stress out of my day and made for a very successful meeting."

-Nicholas Schulz, Cornerstone Standards Council
